PALMER CONVICTED ON LIQUOR CHARGE

HOPKINS MAN GIVEN $500 FINE AND SIX MONTHS.

GRIER CHIEF WITNESS

Testified That He Had Bought Corn Whiskey From Palmer at Two Different Times.

Alva Palmer of Hopkins was fined $500 and sentenced to six months in the city jail by a jury of six men in police court this morning on a charge of selling or giving away intoxicating liquor. The case was appealed and will be tried in the September term of circuit court.

Charles Grier was the witness for the city. Palmer did not take the witness stand in his defense and the attorneys did not argue the case before the jury. Grier's testimony seemed to point out that he saw Palmer last Friday morning in front of the Merchants Cafe and told him that he wanted some liquor. They went from there to a place northeast of Maryville about a mile or a mile and a quarter, where they got a half a gallon jug of corn liquor which was hidden in the weeds near the road. Grier gave Palmer $4, and was extended credit to the amount of $4 for the half gallon of liquor.

Grier testified that about two weeks previous to the purchase of the two gallon jug of liquor he had bought two quarts of liquor from Palmer. He said that he paid $6 or $7 for the two quarts. On this occasion he met Palmer on the street and told him that he wanted some whiskey. Palmer said all right and took it from his car on the street and gave it to Grier.

Palmer violated ordinance number 876, which says: "It shall be unlawful for any person, firm, association, or corporation, his, its, or their agents or employees to manufacture, sell, give away or transport intoxicating liquors within, import the same into, or export the same from the city of Maryville for beverage purposes." The penalty for the first offense is a fine of not less than $100 or not more than $1,000 or a jail sentence of not less than thirty days and not more than one year or both. For the second offense a fine of not less than $300 and not more than $1,000 or a jail sentence of not less than three months or more than a year, or both the fine and imprisonment.

The members of the jury were: Ed Wolfert, Barney Dougan, C. L. Gann, Ed Hamlin, W. W. Jones and J. A. Clark.

Palmer was released on $1,000 bond for his appearance at the September term of circuit court. His bond was signed by J. W. Hall and Grace Hall.

BATTERY OF ARTILLERY MAY BE ORGANIZED HERE

Capt. Maynor, New College Coach Will Direct Organization of Battery C. Here.

Plans are now underway for the organization of a battery of artillery for Maryville Capt. Eugene A. Maynor, new athletic director of the College is planning to sponsor the organization. Maynor is captain of Battery B. of the 128 Field Artillery which has been on strike duty at New Franklin, Missouri. Prior to coming to Maryville he has been in charge of a battallion of the regiment and is in immediate line for promotion to the rank of major. He will hold this office in addition to his work at the college.

Capt. Maynor says that Battery C. of the 128 Regiment can be organized here with a strength of 50 men. The government will pay $450 for the maintainence of the horses and equipment. A battery of artillery would be a good enterprise for Maryville and an organization that the town would be proud to have. It is also probable that a regimental band of twenty-two pieces will be organized as Maynor has the authority to do so. Futher plans will be announced as soon as Capt. Maynor has had time to look over the field.

Miss Hulet has been principa of shorthand at Hill's Commercial College for the last two years and will resume her work there the latter part of the month.

LARGE ATTENDANCE AT GRAHAM HEALTH CLINIC

Twenty-Nine Children Were Examined Yesterday After the Chautauqua.

Twenty-nine children were brought to the school building at Graham yesterday after the afternoon's chautauqua program to be examined by the Nodaway County Health Department. Twenty parents accompanied the children to the clinic. Seventeen of the children were infants and twelve were school children. Two tonsil and adenoid corrections were found to have been made.

Dr. J. W. Mountain of the United States Public Health Service accompanied Dr. Claude P. Fryer, County Health Officer to the clinic yesterday. They were assisted in conducting the clinic by Miss Margaret Scully and Mrs. Grace Bean, County Health Nurses, and Miss Ethel Ray.

CON CON MEMBERS NOW DOWN TO WORK

HAVE BECOME SETTLED AFTER PRIMARY ELECTION.

FORD CAUSED GOLF TALK

Maryville Delegate Says He Was Innocent Cause of Joe Shannon's Criticism.

Jefferson City, Aug. 12, 1922.

To The Democrat-Forum:

Now that the primary election is over and every one has had time to give vent to his feeling over the result, the convention has settled down to work. But the delegates have not forgotten the primary. They have given vent to their feelings over the result but not to their feeling regarding the primary as a system of selecting candidates. And it is going to require a great deal of effort to keep the convention from taking some action. This would be a grave mistake in my judgment, for while the primary system has not been a success, in fact has been an utter failure yet it is a subject that ought to be dealt with by the lawmakers. If some system is embodied in the constitution then it becomes a hard and fast rule and can not be changed as changing conditions may require.

Nominated by Republican.

The nomination of Reed has aroused intense feeling among the old time democrats. It is generally conceded that Reed was nominated by republican votes, and the fear of the republican leaders is that these same republican votes will elect him. They are afraid that those republicans who approve Reed's war record will vote for Reed in preference to Brewster, who was a strong supporter of the President in all war matters. Brewster, like Williams of others, forgot politics while the war was on and those republicans who were opposed to the war are apt to even the scare they have against him at the polls. So the republicans are as little pleased as the democrats and both are determined to take some action. The committee on suffrage and elections has brought in a report providing for a modified form of the primary system. They provide for party conventions, but the delegates to these conventions are to be chosen at a primary, except county and city officers, the manner of whose selection shall be prescribed by law. This looks like a good plan, but so did the primary look like a good plan. Some change should be made but it is a change that should be made by the legislature and not by this convention.

Stir Over Golf Playing.

Quite a little stir was made in the convention a few days ago over golf playing by the delegates. And I guess I was the innocent cause of it all.

The convention only meets in the morning as most of the members are engaged in committee work and so the afternoon is given over to the committees. Having just attended a meeting of one committee and returned to the Hall to wait until time for the meeting of another, the clerk came to me to find out where certain members were. He wanted them to revise their remarks so he could have them printed in the Journal and as he had to have copy ready right away he was in a hurry. I told him the the members he wanted were at the Country Club, they having no meeting that afternoon, and that if he

COLLEGE COACH ARRIVES TODAY

CAPT. MAYNOR HERE TO START ATHLETIC WORK.

FOOTBALL OUTLOOK GOOD

Much New Material to be Here in Addition to Last Year's Letter Men.

Capt. Eugene A. Maynor, accompanied by his wife, arrived in Maryville this morning to assume his duties as athletic director and coach at the Teachers College for the next year. Maynor has already started plans for the football season and the prospects look exceedingly bright for a winning Bearcat eleven this fall. Before leaving the University of Missouri he worked over many formations and went over them and other plays with Coach Kelly of the University Varsity team. First call for football candidates cannot be made until the opening day of school, September 11. Much promising material for football is in sight and Coach Maynor will have some mighty good experienced men to form the nuceus for a strong gridiron team.

Among the new material that will be here this year is Edgar L. Messmer, a vocational man who attended the University last year. Messmer is a tackle of about 180 pounds and a "crackin' good man," according to the new coach. A. B. Gesson of St. Louis who played high school football there last year and made quite a reputation as an end will be here. Gesson is a good baseball man, playing in the outfield, and is especially good poling out consistent hits.

S. P. Graham of St. Louis is another vocational man who will be here this fall. He plays full back and is said to be a clever man at punting. He is in St. Louis this summer driving a truck. Graham was seriously wounded while in service but it does not handicap him on the football field. Several other new men are in line to attend school here this fall but have not definitely made their plans.

There will also be several of last years letter men back to compete for places with the new candidates.

"Jigger" Bock of Hopkins who played center last year will be back on the job. "Liz" Foreman, full back will probably be in school and most of the Trenton men, Wilson, Ashcroft, Young ,and Capt. elect "Red" Graham will be here.

Coach Maynor says that he will not lay down any training rules, but that every man that enters athletics should know himself that he must train and that it will tell on the field. During the five years that Maynor has been coaching not a one of his men have had a bone broken and the Coach attributes it to the fact they have always been condition. "It is not for me to say what the men shall or shall not do," said Maynor, "But they must deliver the stuff on the field, and they have to train to be able to deliver the speed and endurance that we must have."

The athletic activities of the College will probably be confined to the three major sports, football, basketball and baseball. That baseball will be played has been definitely decided and plans are already under way for the development of a strong team. Maynor has some promising baseball material in view that will probably be in school.

Capt. Maynor comes here well recommended. He is a graduate of the Univeristy of Alabama and has his B. J. degree from the University of Missouri. Last year he was freshmen football coach at Missouri and for two years prior to that was football line coach and baseball coach at Alabama Polytechnical School.

PRES. HARDING'S STRIKE PLANS ARE ABANDONED

Senator Watson Says Governments Part in Rail Parley at an End.

Washington, Aug. 15.—So far as the President is concerned, all negotiations to end the railway strike is abandoned, Senator James Watson of Indiana declared today following an hour's conference with the President at the White House.

He said that this did not effect the negotiations between the strike leaders and the railway executives now being considered by the union representatives. He declared that he had reasons to believe that three-fourths of the railway executives favor an adjustment by mutual agreement.

Omaha, Nebr., Aug. 15.—The President succeeded in offending both sides of the railroad controversy and the feeling at Washington is that he has made no constructive efforts to end the strike in the United States, Senator Hitchcock, here today attending the Democratic State Convention, declared.

Washington, Aug. 15.—Today, there was made public a letter to the President rejecting the latest peace proposals and issued statement denouncing the reply of the railway executives.

Washington, Aug. 15.—T. C. Cashen, president of the Switchmen's Union, it was announced today instructed the men to use their own judgment as to when working conditions were dangerous and to stay within their rights in suspending work.

Washington, Aug. 15.—The President will lay the railroad strike situation before Congress and the people within forty-eight hours, it was officially announced from the White House this afternoon following a cabinet meeting.

Guests at Yeo Home.

BAPTIST S. S. CLASSES TO ENJOY PICNIC TONIGHT

Men's Bible Classes and Their Wives to Go in Cars to the New Country Home.

The Men's Bible Class and the Women's Friendship Class of the First Baptist Church will hold their annual summer picnic tonight at the home of one of their members, Richard New, three miles southwest of Maryville. Tables will be taken out from the church and cars will leave at 5:30 and 6:30 to take the members to the scene of the funmaking. The New lawn will be decorated with Japanese lanterns to furnish light for the final rounds of crouquet, horseshoes and other games which the picnickers will enjoy. A large quantity of watermelons and ice cream have been ordered in addition to the chickens and other trimmin's. C. D. Allen president of the class will be master of ceremonies. Between sixty and seventy-five members of the two classes are expected to attend.

MERGER OF FARM CLUBS STARTED

TWO STATE ORGANIZATIONS MAY BE CONSOLIDATED.

125,000 FARMERS IN IT

If Farm Bureau and Farmers' Ass'n. are Merged Missouri Farmers Would Be Powerful.

Jefferson City, Mo., Aug. 15.—Consolidation of the two dominant farm organizations in Missouri is proposed in a letter addressed to the Membership of the Missouri Farmers Association by the executive committee of the Missouri Farm Bureau Federation. The two organizations have a combined membership of between 100,000 and 125,000 farmers.

Action on the proposal is expected at the annual meeting of the Missouri Farmers Association which is to be held at St. Joseph August 29, 30 and 31. The Farm Bureau plan provides for a committee of five men to be elected by the M. F. A. to meet with a like committee elected by the M. F. B. F., the joint committee to work out the details of the merger. The Farm Bureau executive committee, in the proposal addressed to the membership of the other organization, pledge themselves to call a special meeting of the Missouri Farm Bureau Federation immediately to carry out their part of the agreement.

The principal points outlined by John L. Boland as a tentative basis include provision for a single overhead or state-wide organization to be obtained by consolidation the headquarters of the M. F. A. and the M. F. B. F. This consolidation also would be carried out in counties where both Farm Bureaus and Farm Clubs are established, under Boland's plan.

Boland believes the status of Farm Bureau members and county Farm Bureaus in counties where there are no Farmers Association Clubs, would remain unchanged and the status of members and county units of the M. F. B. F. also could remain unchanged if the members desire except that all would receive under the plan, membership in the national organization and farmers in counties where there is no Farm Bureau now could receive if they desire it, all of the local benefits that accompany the establishment of a Farm Bureau.

Explaining that the merger should result in many economics of administration, Boland in his statement says: "We understand perfectly that this plan must mean the retirement of some of the people now connected with one or the other or both organizations. If it did not, little could be effected in the way of economy. We believe we are voicing the sentiment of every official and employee of the Missouri Farm Bureau Federation when we here and now offer to step down and out if that will in any way help in bringing about the successful conclusion of this great effort in behalf of all the farmers of Missouri."

The Farm Bureau proposal suggests that "inasmuch as there is a widespread belief on the part of farmers that the present leadership of the two organizations may be, in a measure, responsible for the organizations not working in closer harmony, it is further suggested that the personnel of the joint committee selected by each organization be made up of persons not now officially

STRIKE OF SOFT COAL MEN ENDS

OPERATORS AND MINERS AGREE ON WAGE SCALE.

STRIKE 3 MONTHS OLD

Bituminous Miners Have Been Out Since April—Greatest Coal Strike in Years.

Cleveland, Aug. 15.—The great strike of bituminous coal miners ended late today when the full joint conference of the miners and operators adopted the sub-scale of the committee's report.

Cleveland, O., Aug. 15.—Approval by the joint conference of the sub-scale committee's agreement, on the wage scale is all that remained this afternoon in the way of a final settlement of the long drawn out strike of the bituminous coal miners.

Separate meetings this morning of the operators and miners scale committees both ratified the agreement reported out early today by a special committee of two operators and two miners.

Cleveland, O., Aug. 15.—The end of the coal stricke, as it affects approximately 60,000,000 tons of bituminous fields of six states, expected to come today after a full scale committee and policy committee of mine workers be asked to ratify a tentative agreement to be drawn early this morning by a committee composed by two union officials and two operators and submitted to a sub-scale committee from both sides.

While something unforseen may upset the negotiation, it is believed this afternoon that the actual signing is merely a formality. It is understood that the wage scale of 1920 and retention of the check off and other conditions are the basis of the settlement.

Hillsboro, Ill., Aug. 15.—The coal strikes settlement negotiated at Cleveland will have no effect on ending the strike in Illinois, Rice Miller, president of the Illinois coal operators said today.

The Illinois operators are still standing by the offer of a separate agreement to resume work on the old scale and to arbitrate the new scale before the next year.

Only a small per cent of the Illinois tonnage is represented at Cleveland, it is said, and it is thought that certain mines will not reopen until the Illinois agreement is signed even though in four states the agreements coincides.

Washington, Aug. 15.—The action of certain railroads in confiscating coal, being moved under priority orders of equal or higher class than fuel for railroads is denounced by the interstate commerce commission today. The railroads are ordered to refrain from such confiscation.

OFFICIAL OF MINE UNION IS CHARGED WITH THEFT

Fairmont, W. Va., Aug. 15.—Gallio B. Tucker, former treasurer of Laura Lee local of the United Mine Workers of America, has been brought to jail here charged with embezzling the local's funds. He says he did not take the money. He feared bandits, he said, and put the money, which was all in currency in the inner band of his hat. This proved to be secure, he said, until he walked along a river bank one day and the wind blew the hat into the river. He went out and got the hat, but the money had disappeared. Tucker was arrested near New Martinville by Constable C. I. Stout who brought him to Clarksburg. Tucker had been working for a road contractor in Wetzel County.

Mr. Haines' Guests Leave.

Mrs .H. C. Haines of Sabetha, Kan., with her daughter, Mrs. A. A. Slawson, and her daughter, Catherine, of Newkirk, Okla., returned Monday to Sabetha after a short visit here with Mrs. Haines' son, Harvey L. Haines.

Miss Eva Dawson went to St. Joseph this morning on business for the Dawson millinery store.

Anglo-French Entente Endangered By German Indemnity

London, Aug. 15. — The Anglo-French Entente is endangered today by the breakup of the allied conference on Germany Indemnity. The Entente still exists but Great Britain steadfastly opposed France's demands and is awaiting the French next move.

The collapse of the conference is due to France's opposition to granting Germany indemnity moratorium. The French delegates departed for home, preceeded by the Belgians. The German Mark dropped in value as a result.

would bring the manuscript to me I would correct it for them. Joseph Shannon and some others were in the Hall at the time and I suppose heard what was said and no doubt made some laughing remarks about the work of the convention being retarded by golf playing and this was sufficient foundation on which some enterprising newspaper reporter built up quite a story and it was printed in the Kansas City Times and enlarged upon. It aroused the ire of some of the delegates and Shannon was taken to task.

Hopeful for Good Document.

Shannon has not been at all active in trying to get anything done. In fact he does not want anything done and he asserts that eighty per cent of the delegates are of the same mind.

Of course this is an exaggeration but in my judgment there are at least twenty-five per cent and perhaps more who want nothing done and who are doing all they can to prevent anything being done. And that is the element that is delaying the work of the convention. When you have twenty men out of a body of eighty opposed to every, then at least two-thirds of the remaining sixty must agree on something to put it over. And, on such an important subject as the one with which we are dealing, it is hard to get two-thirds to agree on any one proposition. But there are between fifty and sixty people in this convention who are earnestly trying to devise a good constitution and I feel quite hopeful that they will accomplish some worth while results in spite of the efforts of the others to hinder, delay and defeat their efforts.

Judiciary Report In.

The report of the committee on Judiciary is now under consideration. In its general outlines the bill is about what I indicated in a former letter it would be. The most notable change is the creation of a new county Court to take the place of the Probate Court, perform the judicial functions of the present County Court and J. P. Courts, and also have jurisdiction of misdemeanors and civil actions where the amount in controversy dues not exceed $1,000. The vote on this bill is being anxiously awaited for, as one number expressed it, this will be the first chance we will have to separate the sheep from the goats. This is a division that is important and is being awaited with some anxiety.

connected with the administration of either organization."

The Farm Bureau proposal also suggests that an eleventh man be selected by a committee of farm paper editors to act as chairman of the joint committee of ten men selected by the two organizations. The editors suggested to select the eleventh man are the editors of the Twice-a-Week Globe Democrat, the Missouri Ruralist, the Missouri Homestead, the Weekly Kansas City Star, The Ozark Countryman and the Missouri Farmer. William Hirth of Columbia is editor of the Missouri Farmer.

Various attempts have been made in the past to harmonize the work of these two organizations. The last one was made a year ago. It failed because, leaders of bother organizations says, that attempt was made with a view to obtaining a working agreement between the two bodies, each to retain its identity.

Every member of the executive committee of the Farm Bureau Federation signed the proposal with President Boland. The other members are: W. G. Clare, Montgomery City, vice president; E. L. Harrison, Harrisonville; F. A. McWethy, Holden; Alice L. Peck, DeSoto; Mrs. George B. Simmons, Napton; H. R. Stevenson, Shawneetown; R. E. L. Utz, St. Joseph, and E. H. McReynolds, secretary.

The proposal is addressed to the membership of the Missouri Farmers Association and was sent in care of Howard Cowden, secretary of that organization.

There are a lot of men who would not have to travel very far when they go to the bad.

MANY BONUS CHECKS ISSUED BY STATE

Figures Show that 79,900 Claims Have Been Paid Uup to Date

Jefferson City, Aug 15—Up to the closing hour yesterday, the state bonus commission had allowed and issued checks or the payment of 79,900 claims. The total number of applications filed stands at 137,491, but this number wil lprobably be increased to 145,000 or close to this figure.

There is still more than $4 million left in the appropriation of $15 million, but not enough to meet every claim by somewhere in the neighborhood of $5 million and a proposition to issue additional bonds to pay every claim will be submitted by the state constitutional convention.

Tere are approximately 105,000 claims that can be paid without a delay in sending for records and gathering up information lacking in the original claims filed here. When these have been disposed of the commission will take up the claims requiring close inspection an dinvestigation and this work will necessarily preceed slowly. The department is now carrying a payroll of 108, most of whom are girls.

"Oh, Buddy boy! Look what Mother went and put into the lunch basket—a whole whopping big package of Kellogg's Corn Flakes! Buddy, I believe I can eat just about twice as much as you do—my, how I love Kellogg's!"

Time to stop eating Kellogg's heavy food!
CORN FLAKES
wonderful for the whole family

Nature rebels against heavy foods in warm weather. Much illness in summer is caused by overtaxing the stomach. Change your diet—and keep snappy in mind and muscle!

Kellogg's Corn Flakes with cold milk and fresh fruit are wonderful for the hot days—for breakfast, for lunch, for supper or for "snacks." They digest without taxing the stomach and supply the nourishment the body needs.

For children, for the workers and for the aged there is no more delicious, sustaining summer food than Kellogg's Corn Flakes.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

The Finest Model "45" Buick Ever Built

The 1923 Buick "45" has taken the country by storm. Always a favorite, this model reaches the highest pinnacle of value ever attained.

Stand off and note the snappy lines, the higher hood, the full crown fenders, sturdy artillery wheels, drum-type head and cowl lamps, the low khaki-lined top. Then *sit* in the car. Here is comfort equalled only in the costliest automobiles.

The upholstery and trimmings are of the finest quality, the instrument board is equipped with richly finished instruments, the control lever is at finger's end, the cowl ventilator control and windshield wiper are within easy reach.

Test the new rear cantilever springs—you will be amazed at the difference in riding comfort. Lock the handy transmission control and know that this feature, with others, gives Buick a low rating by insurance underwriters. Even the famous Buick Valve-in-Head motor shows important changes—higher cylinder block, larger connecting rods and pistons, larger crankshaft, with pressure feed to main bearings.

The Buick Line for 1923 comprises fourteen models:

Fours—2 Pass. Roadster, $865; 5 Pass. Touring, $885; 3 Pass. Coupe, $1175; 5 Pass. Sedan, $1395; 5 Pass. Touring Sedan, $1325; Sixes—2 Pass. Roadster, $1175; 5 Pass. Touring, $1195; 5 Pass. Touring Sedan, $1935; 5 Pass. Sedan, $1985; 4 Pass. Coupe, $1895; 7 Pass. Touring, $1435; 7 Pass. Sedan, $2195; Sport Roadster, $1625; Sport Touring, $1675.

Mr. and Mrs. John Godsey entertained the following guests at dinner Sunday: Mr. and Mrs. Byron Hanna and children, and Misses Elvia Swaney and Cleta Bell Florea.

Clark-Kutschinski Wedding.

The marriage of Dr. Jessie G. Clark, daughter of Mr. and Mrs. E. R. Clark of Claremore, Okla., and Christian D. Kutschinski of Maryville took place last night at 8 o'clock at the home of the bride's parents in Claremore. Miss Ruth Matter of Maryville was a guest at the wedding. Mr. Kutschinski and his bride left for a wedding trip to Grand Rapids, Mich., where they will be guests of the bridegrom's parents, Mr. and Mrs. F. Kutschinski and after September 1 they will be at home in Maryville. Mr. Kutschinski is instructor of violin and orchestra at the Conservatory of Music of the State Teachers College and also directs the Maryville Concert Band. The bride has been an osteopathic physician in this city for a number of years and will continue her practice. Both Mr. and Mrs. Kutschinski have a host of friends in Maryvill and are prominently identified with organizations of the First Methodist Church.

To Spend Vacation Here.

Arch Carter will come Saturday from Kirksville where he is a student at the American School of Osteopathy to spend his vacation with Mrs. Carter and their little daughter, Betty Lee. He will return to Kirksville to resume his studies about September 12 and will be accompanied by Mrs. Carter and little daughter who will spend the winter there.

Tennis Champ Who Won Victory Here Is Victor In St. Joe

Wallace Swank, of St. Joseph, who won the northwest Missouri high school tennis championship here a year ago has added futher laurels to his collection. Swank is now undisputed tennis champion of St. Joseph because of his victory last Sunday over L. D. Naeve, 1921 champion of that city, and also D. F. Davis, last year's runner-up. Swank has had a very spectacular rise to fame in his tennis playing. Many local tennis fans will remember his unusual ability as a player when he won the championship here last year during the track meet held by the Northwest Missouri High School Association.

Miss Alice Fulton, who has spent the past six weeks visiting with her cousin Mr. and Mrs. W. G. Sawyers and other relatives will return to her home in Bellaire, O. tonight.

Mrs. Samuel Crowley returned to her home in St. Joseph today after a weeks visit with her sister Mrs. Karl Zimmerman.

ROAD WORK TO START NEAR DAVIS SCHOOL

Construction Gang Moving in Today to Work on Mile of Road South of Town.

A construction gang moved in on the strip of road near the Davis school house ten miles south of Maryville to begin work on state project of cutting and filling near that place. Excavating will not begin, it is thought, until about the first of next week. The work at this place will be about a mile long.

This is a part of the state contract and will use the last part of money derived in this county from the Morgan McCullough act. Money derived now from automobile licenses are applied on the $60,000,000 road fund. The contract for this piece of work near the Davis school house included another piece of work to be done between here and Burlington Junction and was let last May for the sum of $28,000.

"THE CONQUERING POWER," TO BE SHOWN AT THE ELECTRIC.

With Edward Connelly and Ralph Lewis playing leading character role in "The Conquering Power," to be shown at the Electric Tonight and tomorrow Rex Ingram has two of the most distinguished American screen actors in his new Metro production. "The Conquering Power" is an adaptation of Balzac's "Eugenie Grandet," by June Mathis.

There was a period in the history of the motion picture industry when the importance of the character actor was overlooked. Inthat day the handsome leading man was in great demand, while the real actors were in the background. However, times have changed and Mr. Ingram's selection of Mr. Connelly and Mr. Lewis clearly demonstrates how importanct he considers the character actor. Before entering picture work both Mr. Connelly and Mr. Lewis were familiar figures on the speaking stage.

EXECUTIVE OF FARM BUREAU TO MEET SATURDAY.

Roy A. Kinnaird, county farm agent, has issued a letter from the office of the farm bureau calling a meeting of the executive committee of the Farm Bureau. The meeting will be held in the farm bureau office at 2 o'clock Saturday afternoon. This will take the place of the meeting which was postponed on July 29.

Mr. and Mrs. John P. Jones and Aubrey Lyle of Omaha and Miss Faye Dillard of Auburn, Neb., who have been guests at the home of Mr. and Mrs. Robert Lyle, have returned to their homes. Mrs. Jones and Mr. Lyle are daughter and son of Mr. and Mrs. Lyle.
